

To the paper presenter,

### **Instructions for paper presentation in ISSNIP2007**

#### In the preparation of paper presentation:

1. A paper is assigned for totally 23 minutes (18 minutes oral presentation and 5 minutes discussions).
2. There is a PC projector in each session room for oral presentation. Although a session room is equipped with a PC, please use your laptop computer to avoid troubles in the projection of your slides.
3. Please prepare a short biography for introducing you by the session chairperson.

#### In the conference site:

1. At the registration desk, please notice to the secretary that you will be a paper presenter. Please confirm when and in what session you should present your paper.
2. Before starting your session, please
  - (1) pass the short biography to the session chairperson,
  - (2.a) set up your slide files to the PC in the session room in the case of bringing your slide files by CD-ROM, USB memory, and so on, and
  - (2.b) test the slide projection by connecting your laptop computer to the projector in the session room.
3. Please follow the instructions of session chairperson and keep your presentation time in 23 minutes including 5 minutes discussions.
